CHAIRMAN'S MESSAGE

**SUCCESS IS NOT THE
KEY TO HAPPINESS.
HAPPINESS IS THE
KEY TO SUCCESS.
IF YOU LOVE WHAT
YOU ARE DOING,
YOU WILL BE
SUCCESSFUL.**

Dear Shareholders,

On behalf of the Board of Directors of Shree Hari Chemicals Export Limited, I am pleased to present the 38th Annual Report of your Company for the financial year ended 31st March, 2025.

India's H-Acid industry stands to benefit from shifting global supply chains and the rising preference for Non-China sourcing. The country's established textile and dye sectors provide a strong domestic market, while export potential is increasing due to competitive production costs and favorable trade positioning. Government initiatives, are creating an enabling environment for capacity expansion and modernization. Additionally, the growing demand for sustainable dye intermediates presents an opportunity for companies adopting and investing in advanced environmental technologies.

I am delighted to share that your Company delivered a strong performance in the financial year 2024-2025. We achieved a revenue from operations of ₹ 14,119.58 Lakhs compared to ₹ 13,832.64 Lakhs in the previous year. This turnaround resulted in a net profit of ₹ 512.40 Lakhs as against a profit of ₹ 234.50 Lakhs in the preceding financial year.

During the year, we made significant strategic advancements namely, the incorporation of a wholly-owned subsidiary, Shakambhari Chemtech Private Limited, to expand our product portfolio and setting-up additional 1.85 MW Solar Power as an alternate and natural source of energy which contributes to cost savings and supporting our commitment to sustainable operations.

The Company continues to focus on growth of its core business. The Indian chemical industry has a bright future since key players have concentrated on increasing capacity and expanding their reach into new and growing markets. Our outlook for 2025-26 focuses on identifying emerging trends that enable organization to transform risks into strategic advantages and unlock new avenues for growth.

I extend my heartfelt gratitude to all our stakeholders—including shareholders, investors, customers, and partners—for their continued trust and support. I also commend our dedicated employees whose hard work and resilience have been pivotal in navigating challenging business conditions and steering the Company toward success.

As we step into the new financial year, we remain committed to continuous improvement, innovation, and value creation for all stakeholders.

Warm Regards,

Bankesh Chandra Agrawal

STRENGTHENING STRATEGIES

EARLY ENTRANTS IN DYES INTERMEDIATE:

We are one of the early organised players of dyes intermediate manufacturing with zero effluent discharge and eco-friendly processes that has made us globally acceptable and renowned and considerably enhanced our market share in the industry.

DIVERSIFIED CUSTOMER BASE AND LOYALTY:

Our product offerings ensure excellence in use and functionality. Having been in the industry with over 3 decades of experience and expertise has earned reputation and undying customer loyalty. Our products are developed with utmost care to the environment and under best quality process.

RESEARCH AND DEVELOPMENT AND TECHNOLOGICAL ADVANCEMENT:

Our R&D laboratories are equipped with technologically advanced equipment and is continuously upgrading and strictly adhering to internationally best practices.

DIVERSIFIED PRODUCT APPLICATION:

Our consistent endeavour towards improvement and an unwavering focus on core competencies will enable us to develop a extensive range of intermediate and reactive dyes for a wide variety of applications.

STRICT ADHERENCE TO REGULATORY PROTOCOLS:

Our manufacturing processes undergo strict quality and regular checks. Being vigilant towards environment concerns we adopt strict regulatory protocols throughout our value chain. There is zero discharge of harmful effluents and the waste products is disposed without having harmful effect.

STRENGTHENING PRODUCT PORTFOLIO

Our drive to continuously improve our processes and practices with an urge to develop safe and sustainable products enable us to bring operational efficiency and develop and innovate products with wide applications across industry.

H-ACID

We are the leading and the largest Indian manufacturer, exporter, importer and supplier of 1-Amino-8-Naphtol-3, 6 Disulfonic Acid, H Acid for use as dyestuffs

ACID DYES

Acid dyes are applied to fibres such as silk, wool, nylon and modified acrylic fibres from neutral to acid dye baths. These are used both commercially and by the studio dyer to dye protein/animal fibres such as wool, silk, mohair, angora, alpaca and some nylons and synthetics.

DIRECT DYES

Direct dyes are usually applied with the addition of electrolyte at or near the boil in the machines capable of running at atmospheric pressure. But in HTHP dyeing machines it is carried out at temperatures above the boil in case of pure as well as blended yarns

REACTIVE DYES

Reactive dyes are used for dyeing cellulose, protein and polyamide fibres. Textile materials dyed with reactive dyes have very good wash fastness with rating Reactive dye gives brighter shades and has moderate rubbing fastness.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

A. INDUSTRY STRUCTURE AND DEVELOPMENT

The outlook for the H-Acid market remains favorable by consistent global demand from the textile, leather, and dye manufacturing sectors. With key production hubs in Asia and particularly India and China, the industry is expected to witness stable growth over the medium to long term. According to recent industry estimates, global consumption is projected to be around 305 thousand tonnes by 2032. In value terms, the market is projected to grow to USD 5.8 billion by 2032.

This growth trajectory is driven by a combination of structural demand from downstream industries and shifting global manufacturing trends. The rising environmental awareness is leading to greater demand for high-performance, eco-compliant dye intermediates, further supporting H-Acid's role in the global value chain.

Emerging demand in sectors is opening new avenues for product utilization and value addition. However, the industry also faces certain headwinds, including raw material price volatility, global trade uncertainties, and increased competition—particularly from low-cost producers in China. Strategic sourcing, backward integration, and cost optimization will remain central to maintaining margins and competitiveness.

In this context, the Company is actively exploring initiatives to enhance manufacturing efficiency, invest in environmentally sustainable technologies, and expand its export footprint. The management remains focused on leveraging these industry trends to deliver long-term value while maintaining a strong commitment to compliance, innovation, and operational excellence.

B. OPPORTUNITIES & THREATS

Opportunities

India's H-Acid industry stands to benefit from shifting global supply chains and the rising preference for non-China sourcing. The country's established textile and dye sectors provide a strong domestic market, while export potential is increasing due to competitive production costs and favorable trade positioning. Government initiatives, are creating an enabling environment for capacity expansion and modernization. Additionally, the growing demand for sustainable dye intermediates presents an opportunity for companies adopting and investing in advanced environmental technologies.

Threats

The Indian H-Acid industry faces rising environmental compliance costs due to strict effluent and pollution control norms. Dependency on volatile raw material imports and infrastructure challenges such as high logistics costs can affect operational efficiency. Price competition from Chinese manufacturers remains a

significant threat, especially for export-oriented units. Delays in regulatory approvals and potential trade restrictions, such as anti-dumping duties, further add to market uncertainty.

C. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

Since the company operates mainly in single product which is DYE Intermediate - H-Acid (1-Amino, 8-Napthol, 3-6 Disulphonic acid), therefore the financial performance is related to that product.

D. OUTLOOK

The Indian dyes and dye intermediates industry is poised for sustained growth, fueled by rising demand from key sectors such as textiles, printing inks, plastics, industrial paints, and leather processing. Our outlook for 2025–26 is centered on identifying emerging trends that empower the organization to transform risks into strategic opportunities and unlock new pathways for sustainable growth.

E. RISKS & CONCERNS

The Company faces several risks which can affect the smooth functioning of the Company's operations such as Competition risk, raw material price risk and environmental risk. Risk management at the Company is continuously analyzing and managing all the risks posed to the business.

F. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has established a comprehensive internal control system commensurate with the size and complexity of its operations. This system is designed to ensure the orderly conduct of business, safeguard assets, prevent and detect frauds and errors, ensure accuracy and completeness of records, and facilitate timely and reliable reporting.

The adequacy of internal controls is periodically assessed by the Audit Committee. The Statutory Auditors, during the course of their audit, also evaluate the internal control systems and share their observations with the Audit Committee. Identified gaps, if any, are addressed promptly through corrective action.

INDEPENDENT AUDITOR'S REPORT

To

The Members of

Shree Hari Chemicals Export Ltd.

Report on Standalone financial statements

Opinion

We have audited the accompanying standalone financial statements of Shree Hari Chemicals Exports Ltd. (the "Company"), which comprise of the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and Notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under the Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

1. Inventory Valuation

H-acid and chemical based inventory forms a significant part of the Company's inventory of which prices are fluctuating in nature and also depends on prices, decisions and conditions of other countries. Inventories are valued at lower of cost and net realisable value except raw materials, work-in-progress & stores.

Auditor's response

Our audit procedures over inventory valuation included the following:

- Testing the design, implementation and operating effectiveness of key internal financial controls, including controls over valuation of inventory.
- Testing on a sample basis the accuracy of cost for inventory by verifying the actual purchase cost. Testing the net realizable value by comparing actual cost with most recent selling price.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

Responsibility of Management for the Standalone financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, profit/loss (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 4 of the Companies (Ind AS) Rules, 2015. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the

Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Standalone financial statements

Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

As required by 'the Companies (Auditor's Report) Order, 2016' ("the order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of Companies Act, 2013, we give in the Annexure- A, a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.

As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion proper books of account as required by law have been kept by the company, so far as appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flow and the Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of accounts.
 - d) In our opinion, the aforesaid Standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the Basis of written representations received from the Directors as on March 31, 2025 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a Directors in terms of section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in Annexure B.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Directors during the year is in accordance with the provisions of Section 197 of the Act.
 - h) With respect to the other matters to be included in the Auditor's Report and to our best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone financial statements in Note No.31.12
 - ii. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON STANDALONE FINANCIAL STATEMENTS OF SHREE HARI CHEMICALS EXPORT LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of **SHREE HARI CHEMICALS EXPORT LIMITED** ("the Company") as of March 31, 2024 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls with reference to Standalone Financial Statements issued by the Institute of Chartered Accountants of India".

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls with reference to Standalone Financial Statements (the "Guidance Note") and the Standards on Auditing, issued by ICAI to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls With reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company, has in all other material respects has, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2025, based on the internal control with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls with reference to Standalone Financial Statements issued by the Institute of Chartered Accountants of India.

NOTES TO STANDALONE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31st MARCH, 2025

1. MATERIAL ACCOUNTING POLICIES:

Company Overview

Shree Hari Chemicals Export Limited (the Company) is a Public Limited Company domiciled in India and is listed on the Bombay Stock Exchange (BSE). The Company was incorporated in 1987. The company is leading manufacturer of H-Acid. It has its manufacturing facility at Mahad, Raigad District of Maharashtra, India. Through Innovation, dedication & customer satisfaction, company had succeeded in developing customers worldwide.

a) Basis of Preparation of Financial Statements:

The Standalone Financial Statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

i. The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Certain financial assets and liabilities measured at fair value
- Defined benefit plans - plan assets measured at fair value

ii. The Standalone Financial Statements have been prepared on accrual and going concern basis.

iii. The accounting policies are applied consistently to all the periods presented in the Standalone Financial Statements. All assets and liabilities have been classified as current or non-current as per the normal operating cycle of the Company and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

iv. The Financial Statements are presented in Indian Rupees (INR) which is the functional currency for the company. All amounts have been rounded-off to the nearest rupee, unless otherwise indicated.

b) Use of Estimates, Judgments and Assumptions:

Preparation of the Standalone Financial Statements require use of accounting estimates, judgements and assumptions, which by definition, will seldom equal the actual results. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the Standalone Financial Statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the Standalone Financial Statements. This Note provides an overview of the areas that involve a higher degree of judgements or complexity and of items that are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Standalone Financial Statements:

- Estimation for Income Tax
- Estimation of useful life of tangible assets
- Allowance for credit losses on trade receivables
- Estimation of claims & liabilities
- Estimation of defined benefit obligations
- Fair value measurements
- Impairment

c) Property, Plant and Equipments:

i. The Company has measured all of its plant and Equipments and freehold land at fair value at the date of transition to Ind - AS. The Company has elected these value as deemed cost at the transition date. All other property, plant and equipments have been carried at value in accordance with the previous GAAP.

ii. Property, plant and equipments are stated at cost net of cenvat / value added tax less accumulated depreciation and impairment loss, if any.

iii. Capital Work in Progress: Assets under installation/commissioning are shown under the head Capital Work –in Progress.

All the direct costs, expenditure during the project construction period (net of income) are specifically attributable to construction/acquisition of fixed assets and advances against capital expenditure are shown as Capital Work in progress until the relevant assets are ready for its intended use.

d) Depreciation:

Depreciation on Fixed Assets has been provided as per the Written Down Value (WDV) of depreciation based on the useful life of the assets prescribed under Schedule II to the Companies Act, 2013 with exception of Effluent Treatment Plant which is depreciated over 8 years.

e) Revenue Recognition:

Sale of Goods:

Revenue from sales of goods is recognized when all the significant risks and rewards of ownership in the goods are transferred to the buyer as per contract, the Company retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exist regarding the amount of consideration that will be derived from the sale of goods. Sales are recognized net of Trade Discount, Value Added Tax, CST, Excise Duty and GST.

Other Income:

Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.

Dividend income is recognized when the right to receive the payment is established on the Balance Sheet date.

Income from export incentive such as duty drawback is recognized on accrual basis.

f) Inventories:

Inventories including raw materials, work-in progress and stores are valued at cost and that of finished goods are valued at the lower of cost (on Avg. Cost basis) and the net realizable value after providing for obsolescence and other losses, where considered necessary except for by-product, which is valued at estimated net realizable value. Cost includes all charges in bringing the goods to the point of sale, including tax (non-refundable), levies, transit insurance, and receiving charges. Work-in progress and finished goods include material cost, appropriate proportion of overhead.

g) Foreign Currency Transactions:

Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.

Monetary items denominated in foreign currencies remaining unsettled at the year-end are restated at the exchange rate prevailing at end of the year. Non monetary foreign currency items are carried at cost. Any income or expense on account of exchange difference either on settlement or on restatement is recognized in the Statement of Profit and Loss.

h) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets:

i. Classification:

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

ii. Initial recognition and measurement:

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

iii. Financial Assets measured at amortized cost:

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the Statement of profit and loss. This category generally applies to trade and other receivables.

iv. Financial Assets measured at fair value through other comprehensive income (FVTOCI):

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income.

v. Financial Assets measured at fair value through profit or loss (FVTPL):

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognised in profit or loss.

vi. Investment in Equity Instruments:

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI. Fair value changes on the instrument, excluding dividends, are recognised in the other comprehensive income. There is no recycling of the amounts from other comprehensive income to profit or loss.

vii. De-recognition of Financial Assets:

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

viii. Impairment of Financial Assets:

In accordance with Ind - AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets that are debt instruments and trade receivables.

Financial Liabilities:**i. Classification:**

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

ii. Initial recognition and measurement:

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

iii. Subsequent measurement:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term.

iv. Loans and Borrowings:

Interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through EIR amortisation process.

v. De-recognition of Financial Liabilities:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

l) Fair Value Measurement:

Fair value is the price that would be received to sell an asset or settle a liability in an ordinary transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumption that market participants would use when pricing an asset or liability acting in their best economic interest. The Company used valuation techniques, which were appropriate in circumstances and for which sufficient data were available considering the expected loss/ profit in case of financial assets or liabilities.

j) Impairment of Assets :

The Company has a system to review the carrying values of assets / cash generating units at each Balance Sheet date. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognized, if the carrying amount of these assets exceeds their recoverable amount.

k) Defined Benefit Plans:

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates in India. Further details about gratuity obligations are given in Note No.31.15.

**l) Borrowing cost:**

Borrowing Cost that is directly attributable to the acquisition or construction of qualifying assets is capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. Other borrowing cost is recognized as expenses in the period in which they are incurred.

m) Provision for Current Tax and Deferred Tax:

Income Tax expenses comprises of current tax and deferred tax charge or credit. It is recognized in statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

i. Current Tax

Current tax comprises of the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of the previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Company:

- has a legally enforceable right to set off the recognized amounts; and
- intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

ii. Deferred tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses and credits can be utilized. Deferred tax relating to items recognized in other comprehensive income and directly in equity is recognized in correlation to the underlying transaction.

Deferred tax assets and liabilities are offset only if:

- entity has a legally enforceable right to set off current tax assets against current tax liabilities;
- deferred tax assets and the deferred tax liabilities relate to the income taxes levied by the same taxation authority.

n) Provision for Doubtful Debts and Loans and Advances:

Provision is made in the accounts for doubtful debts, loans and advances in cases where the management considers the debts, loans and advances to be doubtful of recovery.

o) Provisions, Contingent Liabilities and Contingent Assets:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed in case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

p) Earnings Per Share:

Basic Earnings Per Share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

**NOTE. 31.13 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

"The company's financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to provide guarantees to support its operations. The Company's principal financial assets include trade receivables, loans, security deposits, cash and cash equivalents and other financial assets that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's management oversees the management of these risks based on approved policies. The Company seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures. The Company does not enter into or trade financial instruments, including derivative financial instruments, for a speculative purposes. The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below:"

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. The financial instruments affected by market risk are investments and foreign currency transactions and exposures.

Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency). The company is of the view that they dont have any major foreign currency exposure and no hedging is been done.

Commodity Price Risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the on-going purchase or continuous supply of chemicals. Therefore the Company monitors its purchases closely to optimise the price.

(b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including loans, security deposits, deposits with banks and other financial instruments.

Trade Receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. An impairment analysis is performed at each reporting date on an individual basis for major clients."

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's management. Investments of surplus funds are made only with approved authorities. Credit limits of all authorities are reviewed by the Management on regular basis.

c) Liquidity Risk

The Company continuously monitors its risk of a shortage of funds. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, Letter of Credit and working capital limits.

NOTE. 31.14 CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The primary objective of the Company's capital management is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, internal accruals and short term borrowings. In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

The management assessed that the fair value of cash and cash equivalents, other bank balances, trade receivables, trade payables, other payables and other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Security Deposits - The above deposits are given to government authorities and others where refundable time period is not defined/ not available. Therefore the carrying value and the fair value is considered same.

**NOTE. 31.16 FAIR VALUE HIERARCHY**

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

"All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Specific valuation techniques used to value financial instruments include:

- (i) the use of quoted market prices or dealer quotes for similar instruments
- (ii) the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

INDEPENDENT AUDITOR'S REPORT

To

The Members of

Shree Hari Chemicals Export Ltd.

Report on Consolidated financial statements

Opinion

We have audited the accompanying consolidated financial statements of Shree Hari Chemicals Exports Ltd. (the Holding Company or the Parent) and its subsidiaries, (the Parent and its subsidiary companies together referred to as the Group), which comprise of the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year then ended, and Notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under the Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

1. Inventory Valuation

H-acid and chemical based inventory forms a significant part of the Holding Company's inventory of which prices are fluctuating in nature and also depends on prices, decisions and conditions of other countries. Inventories are valued at lower of cost and net realisable value except raw materials, work-in-progress & stores.

Auditor's response

Our audit procedures over inventory valuation included the following:

- Testing the design, implementation and operating effectiveness of key internal financial controls, including controls over valuation of inventory.
- Testing on a sample basis the accuracy of cost for inventory by verifying the actual purchase cost. Testing the net realizable value by comparing actual cost with most recent selling price.

Information Other than the Consolidated financial statements and Auditor's Report Thereon

The Parent Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements, consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

Responsibility of Management for the Consolidated financial statements

The Parent Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated financial statements that give a true and fair view of the financial position, profit/loss (including other comprehensive income), changes in equity and cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 4 of the Companies (Ind AS) Rules, 2015. The respective Board of Directors of the companies included in the Group is responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for

ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group is responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the parent company has internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated financial statements, including the disclosures, and whether the Consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the Financial Statements of such entities or business activities included in the Consolidated Financial Statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 (the Order) issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us for the respective companies included in the Consolidated Financial Statements to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the Consolidated Financial Statements.

As required by section 143(3) of the Act, based on our audit, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the Consolidated Financial Statements.
- b) In our opinion proper books of account as required by law have been kept by the Group, so far as appears from our examination of those books.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flow and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of accounts.
- d) In our opinion, the aforesaid Consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- e) On the Basis of written representations received from the Directors of Group as on March 31, 2025 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a Directors in terms of section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls with reference to Consolidated Financial Statements and the operating effectiveness of such controls, refer to our separate Report in Annexure A which is based on the Auditors' Reports of the Parent, subsidiary companies. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to Consolidated Financial Statements of those companies
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended in our opinion and to the best of our information and according to the explanations given to us based on the auditor's reports of subsidiary companies, the remuneration paid by the Group to its Directors during the year is in accordance with the provisions of Section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report and to our best of our information and according to the explanations given to us:
 - i. The Group has disclosed the impact of pending litigations on its financial position in its Consolidated financial statements in Note No. 31.12
 - ii. The Group did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.
 - iv. a) The Group has represented that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries other than those disclosed in the notes to accounts.
 - b) The Group has represented that no funds have been received by the Group from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Group shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries other than those disclosed in the notes to accounts.
 - c) Based on audit procedures considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub clause (a) and (b) above contain any material misstatement.
 - v. The Group has not declared and paid any dividend during the financial year accordingly the provisions of section 123 is not applicable.
 - vi. Based on our examination which included test checks, the Group has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with and the audit trail has been preserved by the Group as per the statutory requirements for record retention, as applicable.

ANNEXURE -A

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON CONSOLIDATED FINANCIAL STATEMENTS

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated Ind AS Financial Statements of the Company as at and for the year ended March 31, 2025, we have audited the internal financial controls with reference to Consolidated Financial Statements of **Shree Hari Chemicals Export Limited** (hereinafter referred to as Parent) and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Company's management and Board of Directors of the Parent, its subsidiary companies are responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India".

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to Consolidated Financial Statements of the Parent, its subsidiary companies based on our audit. We conducted our audit in accordance with the Guidance Note on issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Parent and subsidiary companies, has in all other material respects has, an adequate internal financial controls system with reference to Consolidated Financial Statements and such internal financial controls with reference to Consolidated Financial Statements were operating effectively as at March 31, 2025, based on the criteria for internal control with reference to Consolidated Financial Statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31st MARCH, 2025

1. MATERIAL ACCOUNTING POLICIES:

Overview

Shree Hari Chemicals Export Limited (the Parent Company) is a Public Limited Company domiciled in India and is listed on the Bombay Stock Exchange (BSE). The Parent Company was incorporated in 1987. The Parent Company is leading manufacturer of H-Acid. It has its manufacturing facility at Mahad, Raigad District of Maharashtra, India. Through Innovation, dedication & customer satisfaction, the Parent Company had succeeded in developing customers worldwide. The Company and its subsidiary companies are referred to as the Group hereunder.

a) Basis of Preparation of Consolidated Financial Statements:

The Consolidated Financial Statements of the Group have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified by the Ministry of Corporate Affairs under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.

- i. The consolidated financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:
 - Certain financial assets and liabilities measured at fair value
 - Defined benefit plans - plan assets measured at fair value
- ii. The Consolidated Financial Statements have been prepared on accrual and going concern basis.
- iii. The accounting policies are applied consistently to all the periods presented in the Consolidated Financial Statements. All assets and liabilities have been classified as current or non-current as per the normal operating cycle of the Group and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.
- iv. The Consolidated Financial Statements are presented in Indian Rupees (INR) which is the functional currency for the Group. All amounts have been rounded-off to the nearest rupee, unless otherwise indicated.

b) Basis for Consolidation

Subsidiary companies are all the entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiary companies are consolidated from the date control commences until the date control ceases. The Group reassesses whether or not it controls an investee, if facts and circumstances indicate that there are one or more changes to elements of control described above.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the Financial Statements of the Parent and its subsidiary companies line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between the Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting Policies of subsidiary companies have been changed where necessary, to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiary companies are shown separately in the Consolidated Statement of Profit and Loss and Consolidated Balance Sheet respectively.

c) Use of Estimates, Judgments and Assumptions:

Preparation of the Consolidated Financial Statements require use of accounting estimates, judgements and assumptions, which by definition, will seldom equal the actual results. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the Consolidated Financial Statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the Consolidated Financial Statements. This Note provides an overview of the areas that involve a higher degree of judgements or complexity and of items that are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Consolidated Financial Statements:

- Estimation for Income Tax
- Estimation of useful life of tangible assets

- Allowance for credit losses on trade receivables
- Estimation of claims & liabilities
- Estimation of defined benefit obligations
- Fair value measurements
- Impairment

d) Property, Plant and Equipments:

- i. The Group has measured all of its plant and Equipments and freehold land at fair value at the date of transition to Ind - AS. The Group has elected these value as deemed cost at the transition date. All other property, plant and equipments have been carried at value in accordance with the previous GAAP.
- ii. Property, plant and equipments are stated at cost net of cenvat / value added tax less accumulated depreciation and impairment loss, if any.
- iii. Capital Work in Progress: Assets under installation/commissioning are shown under the head Capital Work –in Progress.

All the direct costs, expenditure during the project construction period (net of income) are specifically attributable to construction / acquisition of fixed assets and advances against capital expenditure are shown as Capital Work in progress until the relevant assets are ready for its intended use.

e) Depreciation:

Depreciation on Fixed Assets has been provided as per the Written Down Value (WDV) of depreciation based on the useful life of the assets prescribed under Schedule II to the Companies Act, 2013 with exception of Effluent Treatment Plant which is depreciated over 8 years.

f) Revenue Recognition:

Sale of Goods:

Revenue from sales of goods is recognized when all the significant risks and rewards of ownership in the goods are transferred to the buyer as per contract, the Group retains no effective control of the goods transferred to a degree usually associated with ownership and no significant uncertainty exist regarding the amount of consideration that will be derived from the sale of goods. Sales are recognized net of Trade Discount, Value Added Tax, CST, Excise Duty and GST.

Other Income:

Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.

Dividend income is recognized when the right to receive the payment is established on the Balance Sheet date.

Income from export incentive such as duty drawback is recognized on accrual basis.

g) Inventories:

Inventories including raw materials, work-in progress and stores are valued at cost and that of finished goods are valued at the lower of cost (on Avg. Cost basis) and the net realizable value after providing for obsolescence and other losses, where considered necessary except for by-product, which is valued at estimated net realizable value. Cost includes all charges in bringing the goods to the point of sale, including tax (non-refundable), levies, transit insurance, and receiving charges. Work-in progress and finished goods include material cost, appropriate proportion of overhead.

h) Foreign Currency Transactions:

Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of the transaction.

Monetary items denominated in foreign currencies remaining unsettled at the year- end are restated at the exchange rate prevailing at end of the year. Non monetary foreign currency items are carried at cost. Any income or expense on account of exchange difference either on settlement or on restatement is recognized in the Statement of Profit and Loss.

i) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets:

i. Classification:

The Group classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

ii. Initial recognition and measurement:

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

iii. Financial Assets measured at amortized cost:

Financial assets are measured at amortised cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. The losses arising from impairment are recognised in the Statement of profit and loss. This category generally applies to trade and other receivables.

iv. Financial Assets measured at fair value through other comprehensive income (FVTOCI):

Financial assets under this category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income.

v. Financial Assets measured at fair value through profit or loss (FVTPL):

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognised in profit or loss.

vi. Investment in Equity Instruments:

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI. Fair value changes on the instrument, excluding dividends, are recognised in the other comprehensive income. There is no recycling of the amounts from other comprehensive income to profit or loss.

vii. De-recognition of Financial Assets:

A financial asset is primarily derecognised when the rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

viii. Impairment of Financial Assets:

In accordance with Ind - AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets that are debt instruments and trade receivables.

Financial Liabilities:

i. Classification:

The Group classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

ii. Initial recognition and measurement:

All financial liabilities are recognised initially at fair value, in the case of loans, borrowings and payables, net of directly attributable transaction costs. Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

iii. Subsequent measurement:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term.

iv. Loans and Borrowings:

Interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through EIR amortisation process.

v. De-recognition of Financial Liabilities:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

j) Fair Value Measurement:

Fair value is the price that would be received to sell an asset or settle a liability in an ordinary transaction between market participants at the measurement date. The fair value of an asset or a liability is measured using the assumption that market participants would use when pricing an asset or liability acting in their best economic interest. The Group used valuation techniques, which were appropriate in circumstances and for which sufficient data were available considering the expected loss/ profit in case of financial assets or liabilities.

k) Impairment of Assets:

The Group has a system to review the carrying values of assets / cash generating units at each Balance Sheet date. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognized, if the carrying amount of these assets exceeds their recoverable amount.

l) Defined Benefit Plans:

The cost of the defined benefit gratuity plan and other post-employment benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates in India. Further details about gratuity obligations are given in Note No. 31.15.

m) Borrowing cost:

Borrowing Cost that is directly attributable to the acquisition or construction of qualifying assets is capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. Other borrowing cost is recognized as expenses in the period in which they are incurred.

n) Provision for Current Tax and Deferred Tax:

Income Tax expenses comprises of current tax and deferred tax charge or credit. It is recognized in statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

i. Current Tax

Current tax comprises of the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of the previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if, the Group:

- has a legally enforceable right to set off the recognized amounts; and
- intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

ii. Deferred tax

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses and credits can be utilized. Deferred tax relating to items recognized in other comprehensive income and directly in equity is recognized in correlation to the

underlying transaction.

Deferred tax assets and liabilities are offset only if:

- entity has a legally enforceable right to set off current tax assets against current tax liabilities;
- deferred tax assets and the deferred tax liabilities relate to the income taxes levied by the same taxation authority.

o) Provision for Doubtful Debts and Loans and Advances:

Provision is made in the accounts for doubtful debts, loans and advances in cases where the management considers the debts, loans and advances to be doubtful of recovery.

p) Provisions, Contingent Liabilities and Contingent Assets:

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed in case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- A present obligation arising from past events, when no reliable estimate is possible;
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

q) Earnings Per Share:

Basic Earnings Per Share is calculated by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

**NOTE. 31.13 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

"The Group's financial liabilities comprise trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations and to provide guarantees to support its operations. The Group's principal financial assets include trade receivables, loans, security deposits, cash and cash equivalents and other financial assets that derive directly from its operations.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's management oversees the management of these risks based on approved policies. The Group seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures. The Group does not enter into or trade financial instruments, including derivative financial instruments, for a speculative purposes. The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below:"

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. The financial instruments affected by market risk are investments and foreign currency transactions and exposures."

Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities (when revenue or expense is denominated in a foreign currency). The Group is of the view that they don't have any major foreign currency exposure and no hedging is been done.

Commodity Price Risk

The Parent Company is affected by the price volatility of certain commodities. Its operating activities require the ongoing purchase or continuous supply of chemicals. Therefore the Parent Company monitors its purchases closely to optimise the price.

(b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including loans, security deposits, deposits with banks and other financial instruments.

Trade Receivables

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Outstanding customer receivables are regularly monitored. An impairment analysis is performed at each reporting date on an individual basis for major clients."

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Group's management. Investments of surplus funds are made only with approved authorities. Credit limits of all authorities are reviewed by the Management on regular basis.

(c) Liquidity Risk

The Group continuously monitors its risk of a shortage of funds. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of bank overdrafts, Letter of Credit and working capital limits.

NOTE. 31.14 CAPITAL MANAGEMENT

For the purpose of the Group's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, internal accruals and short term borrowings. In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

NOTE 31.15 FAIR VALUES

Set out below, is a comparison by class of the carrying amounts and fair value of the Group's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:-

Trade Payables	21	2,193.12	1,649.70	2,193.12	1,649.70
Other Financial Liabilities (Current)	22	465.43	475.13	465.43	475.13

The management assessed that the fair value of cash and cash equivalents, other bank balances, trade receivables, trade payables, other payables and other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Security Deposits - The above deposits are given to government authorities and others where refundable time period is not defined/ not available. Therefore the carrying value and the fair value is considered same.

**NOTE. 31.16 FAIR VALUE HIERARCHY**

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

"All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Specific valuation techniques used to value financial instruments include:

- (i) the use of quoted market prices or dealer quotes for similar instruments
- (ii) the fair value of the remaining financial instruments is determined using discounted cash flow analysis.
